Freight Forwarding

Reefer Containers

Customized Containers

Cold Container Units for Perishable Storage Needs

Refrigerated Containers:

- **Industry:** Dairy, Chemical, Pharma, QSR, FMCG, Frozen Foods.
- **Temperature Range:** +25°C to -25°C.
- **USP:** Safe, Reliable, Customizable Storage Solutions.

Blast Freezer:

- **Industry:** Seafood, Meat, Ready-to-Eat Meals, Beverages.
- **Temperature Range:** Down to -40°C (within 8-12 hours).
- **USP:** Rapid Freezing, Mobile Units, Flexible & Scalable Solutions setups to rapidly freeze large quantities of food on-site.

Super Freezer:

- **Industry:** Pharma, Healthcare, Research Laboratories.
- **Temperature Range:** -10°C to -70°C.
- **USP:** Ultra-Low Temperature, Safe Storage, Ideal for Sensitive Products.

Reefer Truck :

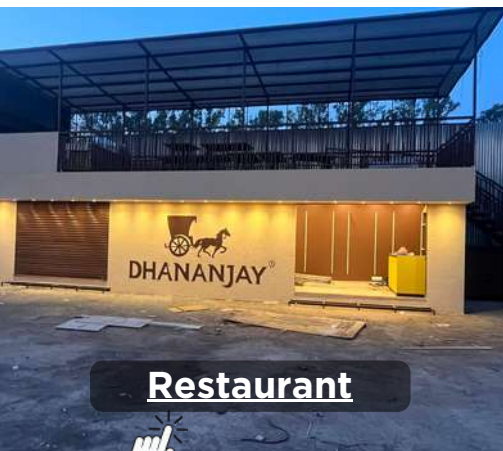

A reefer truck is a refrigerated vehicle designed to transport temperature-sensitive goods, ensuring products stay fresh and safe from warehouse to destination.

ISO Tank :

ISO Tank Containers are durable, stainless steel tanks designed for safe, efficient transport of liquids, gases, and hazardous materials. They meet strict international standards and ensure reliable handling across road, rail, and sea.

Restaurant

Homes

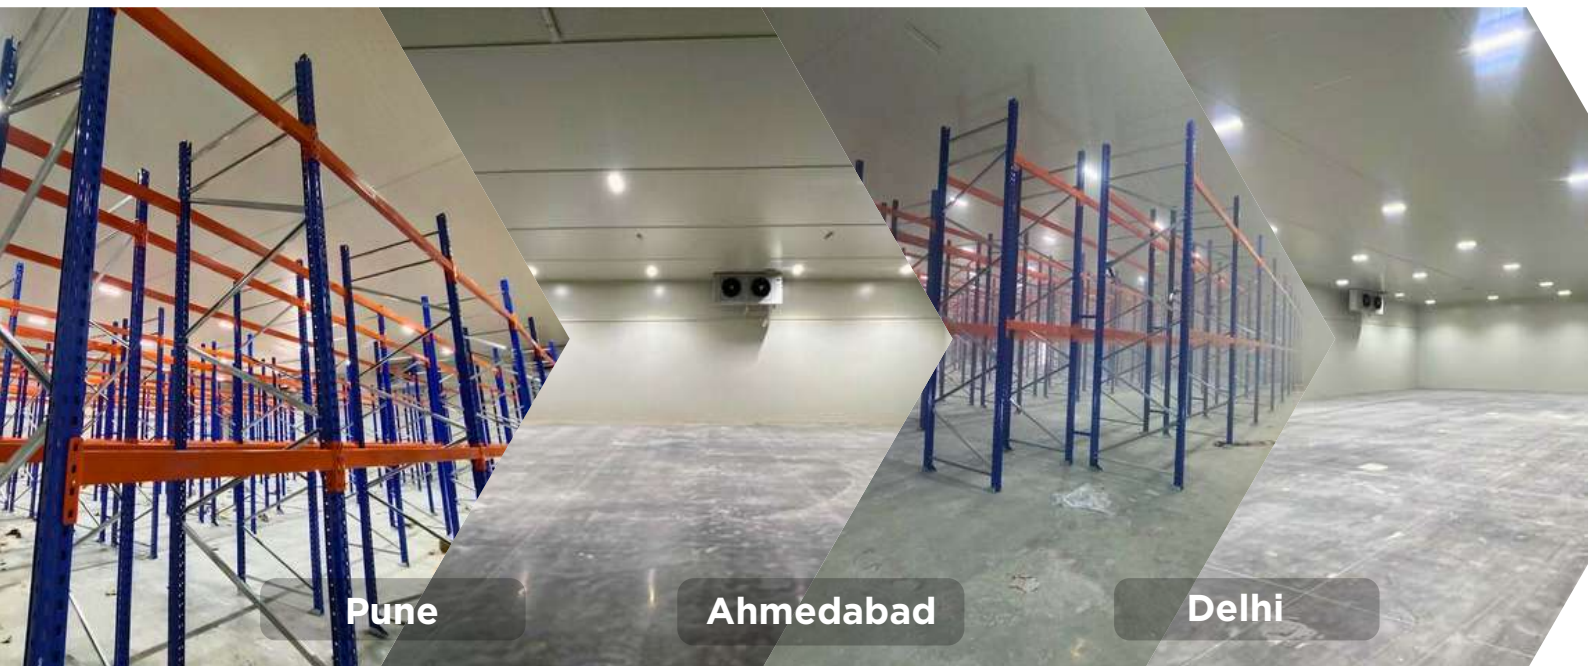

Office

Our container offices are durable, well-ventilated, and hygienic ideal for long-term use in offices, dormitories, hotels, remote sites, and more. Built to withstand tough conditions, they come with quality furnishings and are available for rent, offering flexible solutions for diverse project needs.

We operate modern cold storage warehouses in Dhulagarh (Kolkata) with a **12,000-pallets** capacity and Bhubaneswar (Odisha) with **9,000 pallets**. Both facilities feature advanced temperature control and efficient loading/unloading, ensuring safe, reliable storage and delivery of temperature-sensitive products.

We have expanded our infrastructure with new warehouses in Pune and Ahmedabad, each accommodating over **3,000 pallets**, and in Delhi-Noida, with a capacity of over **5,000 pallets**. These facilities strengthen our ability to safely store and deliver temperature-sensitive products across India.

Superstore Reefer:

Superstore Reefer delivers quick, scalable cold storage (**700–10,000 sq. ft.**) with a wide temperature range (**+30°C to -30°C**), energy efficiency, & no civil construction required, perfect for FMCG, dairy, pharma, seafood, and more. We also offer custom cold rooms and deep freezers, all meeting strict safety standards with 24/7 temperature monitoring.

Cold Rooms:

We provide customized Cold Rooms built at your location, including air-conditioned areas (**15°C to 25°C**), walk-in cold rooms (**2°C to 8°C**), and walk-in deep freezers (**-15°C to -25°C**). All installations meet strict pharma and food safety standards, with advanced racking and 24/7 temperature monitoring for safety.

Types of Dry Containers:

Dry Containers:

- Sizes: Available in **10ft, 20ft, 40ft**
- Types:
 - Standard: General purpose storage & shipping.
 - High Cube: Extra height for bulky goods.
 - Open-Top: Easy loading for tall items.
 - Flat Rack: Oversized/heavy cargo.
 - Tunnel: Easy and efficient loading and unloading of goods.
 - Hard Top: used for transporting heavy, oversized, or bulky cargo.

All containers are durable, weather-resistant, and ideal for storage, warehousing, and transport.

- **Freight Forwarding (Inbound & Outbound):** Global air, ocean, and multimodal shipping with reliable, custom solutions.
- **Custom Clearance:** Expert guidance and documentation support for smooth import/export clearances.
- **Inland Trucking:** Timely, secure road transport connecting ports, airports, and warehouses.
- **CFS (Container Freight Station):** Efficient container handling, consolidation, deconsolidation, and stuffing.

- **Warehousing:** Modern, secure storage with advanced inventory and climate-controlled options.
- **Haz Cargo Handling:** Specialized, certified handling of hazardous materials.
- **Specialized Reefer Container Services:** Temperature-controlled storage and continuous power for perishable goods.
- **Integrated Logistics Solutions:** Customize solutions to meet your end-to-end logistics requirements.

Trusted by industry leaders across sectors, we proudly partner with leading names from diverse industries including engineering, automobile, FMCG, pharma, dairy, chemicals, and government projects delivering cutting-edge temperature-controlled solutions where precision and reliability matter most.

Thanking You,
For Crystal Group
